Message from your President

Greetings to all Firefighter Curlers. Well it is another year and time to be thinking of sliding and sweeping (otherwise known as curling) . A lot has happened since the last time we got together.

Last years championships in Hope went very well thanks to all the hard work of the Hope and District Firefighters Curling group and the great help from the team at the curling rink. A big thank-you needs to go out to Al and his crew.

The Canadians in Winnipeg were represented by Dean Thulin and his team. They played well and represented BC Firefighter's to the best of their ability finishing with the Bronze medal. We should be all should be proud of their accomplishments.

This years competition is looking to be a very well organized and fun event. Steve Errington and the Firefighters Curling Group are looking to have the best BC Firefighter's Curling Championship we have ever seen. We will be seeing some old friends coming back as well as some new friends to meet with open arms. Also welcome back Kelowna. The curling rink is awesome and the accommodation is great. Plan to come early and enjoy the beautiful surroundings.

We will be bringing up a discussion at the AGM about our declining membership and how to bring new curlers in. I would like to have all curlers come to the meeting and have a good discussion on the future of our Association. The meeting will be held Wednesday 7PM at the Curling Club.

Please come out and enjoy the great hospitality that New Westminster can deliver and have a great time while you are there. Bring your friends and enjoy. Good curling and most of all Good Friends make lasting Friendships. Enjoy!!!

Thank-you
Dean Thulin President

Congratulations to all past winners!
